

Universal Life Insurance

When employees are able to protect their finances and loved ones, they can worry less and focus on what's important. That's why our program offers the voluntary employee benefits you and your employees need to work toward building a more secure future.

In the event of an emergency or an unimaginable loss, Universal Life Insurance can help families with financial support to better maintain their quality of life. A death benefit can help safeguard a family's future after the insured is gone. Plus, the cash value can be borrowed against if there is an emergency in the insured's lifetime.

Offer More Protection with Universal Life Insurance

Universal life insurance is a voluntary benefit that gives you one more valuable option for your benefits package.
